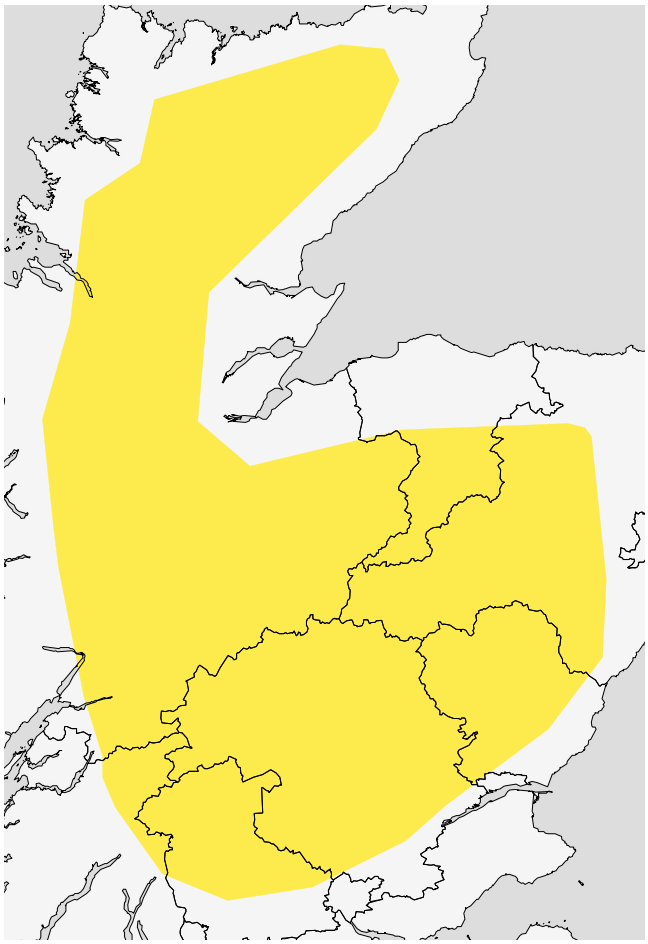
Yellow warning
Snow & Ice

Between
21:00 Sun 3 Feb 2019 and
12:00 Mon 4 Feb 2019



Snow and Ice will affect travel across parts of Scotland from Sunday evening into Monday.

What to expect

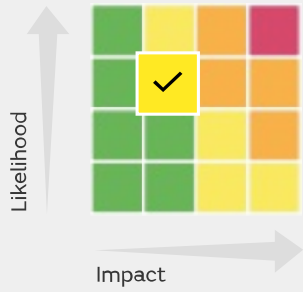
- Some roads and railways likely to be affected with longer journey times by road, bus and train services
- Some injuries from slips and falls on icy surfaces
- Probably some ice on some untreated roads, pavements and cycle paths

Further details

A band of rain will readily turn to snow as it pushes east across parts of Scotland. Temporary accumulations of a few cms are likely at low levels, with higher ground (above about 150 metres) possibly seeing 3-6 cm, locally more. Ice will be an additional hazard. Snow should become lighter and more patchy before dying out by around midday Monday.

Reason for update

To move the warning area further north and bring forward the start time into Sunday evening.



Medium likelihood of low impacts
